

Copay Assistance Support

AcariaHealth™ and our team of experts are committed to helping patients manage their complex, high-cost specialty healthcare needs. To bridge the gap between insurance coverage and treatment costs, patients who express financial hardship receive a dedicated Copay Assistance Administrator to guide them through the Copay Assistance application process.

Finding Qualifying Assistance

Our Copay Assistance Support Team researches and applies to qualifying government funded Patient Assistance Programs (PAP) and non-profit foundations on behalf of the patient, including:

- > The Assistance Fund
- > Good Days
- > HealthWell Foundation
- > Hope Charities
- > National Organization for Rare Disorders (NORD)
- > Patient Access Network (PAN)
- > Patient Services Inc. (PSI)
- > And more

The Copay Assistance Administrator follows up with the patient and the financial assistance organizations until a resolution is reached.

It is Important to Know

- > We accept all major insurance plans including Medicaid, Medicare Part B, Medicare Part D, Health Insurance Marketplace, and Commercial Insurance.
- > It is common for foundation assistance programs to offer retroactive assistance; however, manufacturer programs are often unable to do so.

Thank you for the opportunity to work with you and your office to serve our patients' specialty pharmacy needs.
