

Introducing **myAcariaTM** *pro*

From the AcariaHealth family of pharmacies comes a new provider portal designed to deliver the fast, secure connection you need to enhance the quality and efficiency of the care you provide.

Your Partner in Healthcare

We understand the challenges of balancing administrative tasks with providing the highest quality care. With myAcaria Pro, we simplify your workflow so you can focus on what matters most—your patients.

Why Register for myAcaria Pro?

Save Time and Improve Efficiency

Spend less time on administrative tasks and searching for information by optimizing your operational workflows.

- > Timely updates on prescription and prior authorization statuses.
- > Seamless communication between your care team and ours.
- > Simplified e-signature and document submission processes.
- > Data-driven insights to support informed decision-making.

Enhance Patient-Centered Care

By streamlining communication and driving efficiency, myAcaria Pro helps improve patient outcomes and satisfaction.

- > Faster access to critical medications.
- > Increased medication adherence.
- > Secure messaging to maintain patient privacy.
- > Optimized financial assistance processes.
- > Collaborative tools for informed, comprehensive care.
